A scatter plot showing the relationship between the number of children and the number of children who are also parents. The x-axis is labeled 'Number of children' and ranges from 0 to 10. The y-axis is labeled 'Number of children who are also parents' and ranges from 0 to 10. The data points show a positive correlation, with a slight dip at 1 child. A vertical line is drawn at x=10.

The figure is a scatter plot with a light gray background and a white grid. The x-axis represents the number of nodes, ranging from 0 to 100. The y-axis represents the number of edges, ranging from 0 to 100. The data points are black dots. A curve starts at (0,0) and rises steeply, then levels off. Two vertical black lines are drawn at x=10 and x=90.
